

REMARKS

Responsive to the Examiner's Amendment and Reason for Allowance of Claims 1-26 in the Office Communication dated September 16, 2004, Applicant provides the following remarks.

Enclosed are corrected formal drawings showing organic layer 30 on Figures 3, 6, 10, and 12. In this regard, Applicant is respectfully correcting the Examiner's Amendment. That is, Figure 6, not Figure 7 is the correct figure in need of correction.

In addition, the specification corrections were made to correct word use to make the item 30 consistently called organic layer, instead of the term organic material. No new matter is introduced.

Respectfully submitted,
